**1. Sayings**

You can read 4 English proverbs in the box below, and 4 explanations in the bubbles.

Match each proverb with the correct explanation.

a. <i>One swallow does not make a summer.</i>		c. Don't look a gift horse in the mouth.	
b. Every cloud has a silver lining.		d. <i>It's no use crying over spilt milk.</i>	

1. Don't worry about something bad that has happened if there's nothing you can do about it.

2. Don't think that one hopeful sign means that everything is going to go right.

3. You shouldn't criticise something you've had for nothing.

4. However bad something may appear, something good can always come out of it.

**2. Favourite colours**

Read the text and complete the table below.

A lot of scientific work has been done on the colours people prefer. This work has included tests on people of all ages and nationalities. Babies, it seems, prefer yellow and red. Children like red very much too; blue is their second favourite, followed by green, violet and orange, while yellow is only sixth on the list. For adults the preferences are nearly the same, except that blue is the most popular colour and red is the second most popular. According to one scientist, H.J. Eysenck, the list of favourites is the same for both men and women except that women put yellow in the fifth place and orange in the sixth, while men like orange better than yellow.

#### **4. Scrambled eggs**

**Look at the four stages for the recipe. Number them in the correct order.**

***You will need:***

one egg per person  
 2 tablespoons milk  
 a knob of butter  
 ¼ teaspoon salt  
 shake of pepper  
 saucepan  
 small bowl  
 fork  
 large spoon

To cook for more than one person, just multiply the ingredients.

As soon as the butter starts to melt, pour in the egg. Keep stirring the egg in the pan with a spoon to mix the cooked egg with the uncooked part. ...

Place the pan over the lowest heat possible and put the knob of butter in. Stir the butter around the pan. ...

To get creamy scrambled eggs, be careful at this stage. As soon as the egg in the pan is thick and there is almost no liquid egg left, turn off the stove. Keep stirring to continue the cooking. The heat in the pan will cook the egg to the right consistency. ...

Break the egg into the bowl and add the milk, salt and pepper. Beat the egg gently just to mix in the ingredients. ...

### 9. A true story

a. Read the 1<sup>st</sup> paragraph and put the correct forms of these verbs into the gaps.

1. On Christmas Eve 1971 Juliana Koepke, a seventeen-year-old German girl, ..... Lima by air with her mother. They ..... on their way to Pucallpa, another town in Peru, to spend Christmas with Juliana's father. Forty-five minutes later the plane ..... up in a storm, and Juliana ..... 3,000 metres, strapped in her seat. She was not killed when the seat ..... the ground (perhaps because trees broke her fall), but she ..... all night unconscious.

b. The following paragraphs of the story are mixed. Number them correctly. ( 2-5)

\_\_\_\_. After four days she came to a river. She saw caimans and piranhas, but she knew that they do not usually attack people. So Juliana walked and swam down the river for another five days. At last she came to a hut. Nobody was there, but the next afternoon, four men arrived. They took her to a doctor in the next village.

\_\_\_\_. Juliana learnt afterwards that there were at least three other people who were not killed in the crash. But she was the only one who got out of the jungle. It took her ten days.

\_\_\_\_. The next morning Juliana looked for pieces of the plane, and called for her mother. Nobody answered, and she found nothing except a small plastic bag of sweets. Juliana's collar bone was broken, one knee was badly hurt and she had deep cuts on her arms and legs. She had no shoes; her glasses were broken; and she was wearing only a very short dress, which was badly torn. But she decided to try to get out of the jungle, because she knew that if she stayed there she would die.

\_\_\_\_. So Juliana started to walk. She did not find anything to eat, and as the days went by she got weaker and weaker. She was also in bad trouble from insect bites. She heard helicopters, but could not see them above the trees, and of course they could not see her. One day she found three seats and saw that they had dead bodies in them, but she did not recognise the people.
